“Dare To Dream” (HOPEFUL, FUTURE-FOCUSED, DARING)

Suggestions for younger students:

Younger students may need more coaxing to unleash their imaginations, and often the most creative pieces start from very simple ideas:

- If you could do anything in the whole wide world when you grow up, what would it be?
- The sky is the limit — what does this saying mean to you?
- “Somewhere over the rainbow, bluebirds fly, and the dreams that you dream of, dreams really do come true.” Lyrics from “Over the Rainbow,” sung by Braddah Iz
- When you try something new, you can learn and grow. Have you ever done something you thought would be hard at first? Can you give an example?
- Wish upon a star: What is your biggest wish for you, or for someone you love?
- You can do anything you set your mind to.
- Think big! Don’t be afraid to be bold when dreaming. What does your biggest dream look like?

Suggestions for older students:

- The sky is the limit — what does this phrase mean to you?
- Anything is possible.
- What would your goals for the future look like if you didn’t hold back?
- What is the change in the world that you want to see?
- What does the first step on the path to your dreams look like?
- Have you ever achieved something you thought you couldn’t at first? What was that experience like? How did it make you feel?
- “All our dreams can come true, if we have the courage to pursue them.” – Walt Disney, American entrepreneur, animator and founder of Disney World
- “Always remember, you have within you the strength, the patience and the passion to reach for the stars to change the world.” –Harriet Tubman, American abolitionist who escaped slavery and helped others do the same on the Underground Railroad.
- “The future belongs to those who believe in the beauty of their dreams.” – Eleanor Roosevelt, former First Lady to president Franklin D. Roosevelt, political activist
- "Progress always involves risks. You can't steal second base and keep your foot on first." – Frederick Wilcox, English soccer player
- "You'll always miss 100 percent of the shots you don't take." – Wayne Gretzky, Canadian ice hockey player
