ANNUAL REPORT 2018 – 2019

Early Head Start and Head Start

The mission of our Early Head Start and Head Start is to assist families to be the best that they can be by providing a safe, healthy, and nurturing environment where both parents and children can continue to grow.

Federally funded initiatives provide early childhood education and related comprehensive services for low-income parents and children and children with special needs. Early Head Start provides services in centers and in homes to prenatal parents and parents with infants and toddlers. Head Start serves children ages three through five and their parents to provide a head start for school success.

FINANCIAL AUDIT

Parents And Children Together's most recent audit covered the fiscal year 2019 (July 1, 2018 – June 30, 2019). The audit expressed an unqualified opinion with no findings.

EFFORTS TO PREPARE CHILDREN FOR KINDERGARTEN

PACT Early Head Start / Head Start curriculum aligns with the Head Start Early Learning Outcomes Framework (HSELOF, 2015), which consists of five broad areas of early learning, referred to as central domains. These domains reflect research-based expectations for learning and development. The HSELOF emphasizes the key skills, behaviors, and knowledge that the program must foster in children ages birth to 5 to help them be successful in school and life.

<table>
<tr><th></th><th colspan="5">CENTRAL DOMAINS</th></tr>
<tr><th></th><th>APPROACHES TO LEARNING</th><th>SOCIAL AND EMOTIONAL DEVELOPMENT</th><th>LANGUAGE AND LITERACY</th><th>COGNITION</th><th>PERCEPTUAL, MOTOR, AND PHYSICAL DEVELOPMENT</th></tr>
<tr><td>▲ INFANT/ TODDLER DOMAINS</td><td>Approaches to Learning</td><td>Social and Emotional Development</td><td>Language and Communication</td><td>Cognition</td><td>Perceptual, Motor, and Physical Development</td></tr>
<tr><td rowspan="2">● PRESCHOOLER DOMAINS</td><td rowspan="2">Approaches to Learning</td><td rowspan="2">Social and Emotional Development</td><td>Language and Communication</td><td>Mathematics Development</td><td rowspan="2">Perceptual, Motor, and Physical Development</td></tr>
<tr><td>Literacy</td><td>Scientific Reasoning</td></tr>
</table>

In order to accomplish this, PACT utilizes the following curriculum and tools in home-based and center-based settings:

- Creative Curriculum
- Ready to Shine Curriculum
- Learning Games
- Project-based Studies
- Second Step
- I'm Moving, I'm Learning
- Cavity Free Kids
- Center on Social Emotional Foundations for Early Learning (CSEFL) Model / The Pyramid Model
- InJoy Health Education
- Partners for Healthy Baby: Home Visiting Curriculum for Expectant Families
- Hawaii Developmental Charts
- Hawaii Early Learning Profile (HELP) – zero to 6 years old
- San Angelo Home Visiting Curriculum
- Hawaii Early Learning and Development Standards (HELDS)
- National Center for Quality Teaching and Learning (NCQTL) In-Service Suites
- Teachstone Classroom Assessment Scoring System (CLASS) video library

- Ages and Stages Questionnaire (ASQ) behavioral and developmental screens

In addition, PACT conducts the following activities to ensure that children and families are prepared for a successful transition from Early Head Start to Head Start and from Head Start to Kindergarten:

- School Readiness Fairs
- Transition Fairs
- Head Start and Kindergarten classroom visits
- Individual transition plans
