Parents And Children Together has been providing Hawaii’s most vulnerable residents with desperately needed social services since 1968.

We began as a single program in Kalihi and have grown over the years to serve over 15,000 individuals and families annually throughout our state. While we have a legacy of serving areas of concentrated poverty statewide, our headquarters remain at the Kuhio Park Terrace because we believe in being deeply rooted in the community.

**MISSION**

Working together with Hawaii’s children, individuals, and families to create safe and promising futures.

**VISION**

Hawaii is a peaceful, safe, and vibrant community with opportunities for all to fulfill their dreams.
