# PANDEMIC imPACT REPORT

As the pandemic began to unfold in March 2020, it became clear that the poor would be disproportionately affected by COVID-19 and that impoverished communities were at a tremendous disadvantage in combating the virus. PACT acted swiftly to meet the challenges posed during this time of great need, stepping up its efforts to help Hawaii's children, individuals and families with direct assistance and a critical lifeline of support.

## Educational and Technology Support

**800+**

Head Start and  
Early Head Start  
families

provided with access to virtual classrooms and virtual field trips in addition to homework packets by mail

**300+**

Youths

equipped with daily distance learning and other innovative programs including a dedicated teen Instagram account, Zoom study sessions and "study hall on the sidewalk" for critical afterschool support

**67 + 100**

hotspots

computer  
tablets

loaned and/or  
distributed to families  
most in need or used  
in our centers

## Food Assistance

**150-200**

served every weekday to keiki and youth at community teen centers in Kalihi and Aiea since March 2020

**1,600+**

individuals and families  
were provided with food  
and bags of groceries

Breakfast and snacks  
provided to families with  
children under 5 years old

## Domestic Violence Intervention

**↑40%**

increase in emergency calls  
responded to during the  
pandemic

**400+**

families

served at Family Peace Center  
and Family Visitation Center

**100+**

families

escaping  
life-threatening  
violence housed  
at shelters

## Child Abuse Prevention

Essential in-person contact with at-risk families continued without interruption

**1,600+**  
families

families provided with positive parenting support and family strengthening services

Dozens of computer tablets purchased and provided to families for access to video home visits

## Boots On-The-Ground

**50,000+**  
facemasks

**10,000+**  
gloves

**500+**  
hand sanitizers

**200+**  
face shields

and dozens of temperature check equipment distributed

One-on-one support for unemployment claims, rent relief and utility assistance provided to hundreds of residents and families

Vaccination clinics and vaccine education materials were created and provided in public housing communities

## Looking Ahead

PACT is committed to work together with Hawaii's children, individuals and families to create safe and promising futures. As we continue to face widespread suffering and hardship in our communities, PACT will push forward with its client-centric work in guiding residents and families to realize their fullest potential.
